English

## Objective

Dedicated and experienced WordPress Developer with proven success in delivering projects accurately for organizations and individuals. Seeking an opportunity to use my decade of experience to serve hiring Company/individuals.

## Experience

### Sidehustle

2019 - 2020

WordPress Developer

I was hired as an intern in Sidehustle Ltd for creating a website for the company using WordPress, html, css and JavaScript.

### OriginTech

2021 - ----

Web Developer

I was hired as a website Developer few years ago as the web developer for a start-up restate-based organization

## Education

### Federal University Oye

2020-2023

## Projects

### Frontend website using html, css and JavaScript

I created an online services website from scratch using different programming languages and interface such as Html, Css and JavaScript

### Novaswap(still Ongoing)

I am creating a self-training website which was started some months ago, the purpose of the website is to allow swapping, buying and selling, and trading of cryptocurrencies

<https://swapnova.netlify.app/home.html>

### Customized already made blog using html5 and CSS3

I acquired a domain and an already made template using a platform called blogger, so I customized it using html5 and CSS3 to further improve the looks of the website
